## ARE QUEER FELLOWS.

Newspaper men are queer fellows. Much more so than the general public supposes. You're no idea how often the question arises whether the man is a paid up subscriber to the paper. If the answer comes in the affirmative he is ten times more liable to have a favor extended, than though a negative answer was vouchsafed. The average editor or publisher dearly loves to have his back scratched, and then he loves just as much to scratch someone's else back a little more harder, whenever an opportunity offers, and often he hunts for the opportunity right smart. It's a poor newspaper man who does not love to do his subscribers a good turn always. Moral—Subscribe for your local paper if you want to be in the swim.

## The Latest Designs.

It is the style that attracts so much attention to our hats. They are fashioned after the latest Paris model, and have just arrived—some from New York and some from Chicago. It's not the price that attracts fashionable dressers, though our prices are lower than any others make for the same quality.

Mrs. J. A. DOUGLASS.

The live business man is always ready to "live and let live." He knows that advertising helps his business and is not slow about patronizing his home paper. The most enterprising merchants of Daytona advertise in the GAZETTE NEWS.

Geo. H. Clark's new china and bric-a-brac are certainly worth seeing. Call and make your choice before the handsome pieces are gone.

The bird season is now open and the slaughter will soon commence.

Dr. J. M. Jones has his stock of drugs moved into the Weaver building next to the GAZETTE-NEWS building and is now ready to give his patrons the attention and courtesy which the doctor is noted for. He carries a complete stock of the choicest and freshest drugs and everything else usually kept in stock by a first class drug store.

James Gresham, of Brooklyn, was in the city Sunday and Monday. Mr. Gresham is not a stranger to Florida. He says that he at one time owned a great part of the land where Daytona is now situated. This was shortly after the Civil War. He is now a very prominent chemist and has invented a new explosive that is made principally from bran combined with chemicals which has an explosive force much greater than nitro-glycerine and bids fair to succeed all explosives for the reason that it requires concussion and the application of a spark at the same time to explode it. This renders it much safer to handle than any other explosive. It burns very slowly and can not be exploded by fire alone.

W. J. Bethel was called to Crescent City last week by the death of his mother, which occurred at that place Thursday of last week. She was 65 years of age and one of the most highly respected residents of that community. The funeral took place Friday and Mr. Bethel returned home Sunday.

C. L. Burgess, who makes his headquarters at the Stanley House, is still the champion fisherman of the community. Thursday he went over to the ocean pier and landed a 33-pound bass, the second largest bass ever caught here. Last year he caught an 800-pound shark. Since his coming this season he has caught a number of shark and ever so many bass.

One day last week boys were caught appropriating fruit in an orange grove at Ormond. The boys evidently had not had time to have got in their work when discovered, as one had but one and the other two oranges. The parents of the boys kept their sons out of the meshes of the law by paying the owner of the grove fifty cents apiece for the oranges the boys had picked.

Call and inspect the elaborate styles of millinery at Mrs. E. B. Moore's millinery parlors.

Thursday night was All Halloween, the night when ghosts walk, and the festive small boys cut up all kinds of curious antics. The boys started out in a band early in the evening, but before they had accomplished a great deal of mischief, Marshall Rodgers and Special Officer French laid their hands on them and compelled them to replace everything they had moved. In addition to this they were taken before the Mayor the next morning and given a lecture on good behavior.

Arthur Bennett gave a Halloween party to a few of his friends Thursday evening. Several musical selections were rendered, at the close of which refreshments were served.

Marriage licenses were issued in this county during the week for the marriage of George Martin, of Palm Beach, to Miss Daisy Strickland, of Lake Helen, and W. H. North, of Jacksonville, to Miss Minnie Powell, of Pierson.

Superintendent R. T. Goff and Roadmaster E. B. Carter, of the Florida East Coast Railway, passed through here Tuesday, on their way to Dade county, on board their private car, which returned northwards Thursday.

We were misinformed in regard to the particulars of the colored wedding last week. The reception was held in Waycross instead of at the Troy House. We should have said that a number of guests of the Troy House attended.

Detweiler's home, and the party returned to Daytona by moonlight.

Miss Agnes Wicking and Miss Grace Stewart gave a Halloween party to about forty of their friends at the home of the former Thursday evening. Various amusements in keeping with the occasion were indulged in, the most laughable being Roy P. Barker and Neville Clark's version of the "Ghost of a Conon." Refreshments were liberally in evidence, and a number of choice instrumental and vocal selections were rendered by several of the guests.

"Dr. B. W. Wesley," the negro who victimized the colored people here last winter under the guise of being a physician, was arrested at Jensen, this state, Wednesday by Sheriff Brown of Brevard county. Deputy Sheriff Chas. Kurtz, of DeLand, has been searching for the prisoner for some time throughout Volusia county. The clue to Wesley's whereabouts was furnished Sheriff Brown by Dr. Wilson, of Titusville, from whom Wesley had been purchasing medicine at intervals for some time. This aroused the doctor's suspicions and caused him to place the matter in the hands of the sheriff. The evidence is very strong against the accused and will be sufficient to convict. The penalty is not more than six months in jail or fine not exceeding \$200. Wesley's trial will come off at the November term of court in Brevard county.
